Payment options

For regulated loans interest will be rolled into the facility and no monthly payments are due. Capital and accrued interest must be repaid at the end of the term.

Early repayment

You can overpay and redeem your loan in full without any early repayment charge except for the first month where the balance of the interest due for that month is payable. Part repayments can be made with amounts agreed on a case by case basis and may be subject to a fee. See our Tariff of Charges for full details.

Consequences of non-compliance

As a last resort, your home may be repossessed if you do not keep up with the payments. This includes not repaying your loan on time. For unregulated loans the security property may be repossessed if you do not keep up with payments or fail to redeem the loan on time.
